

Setting Device to Auto-Update

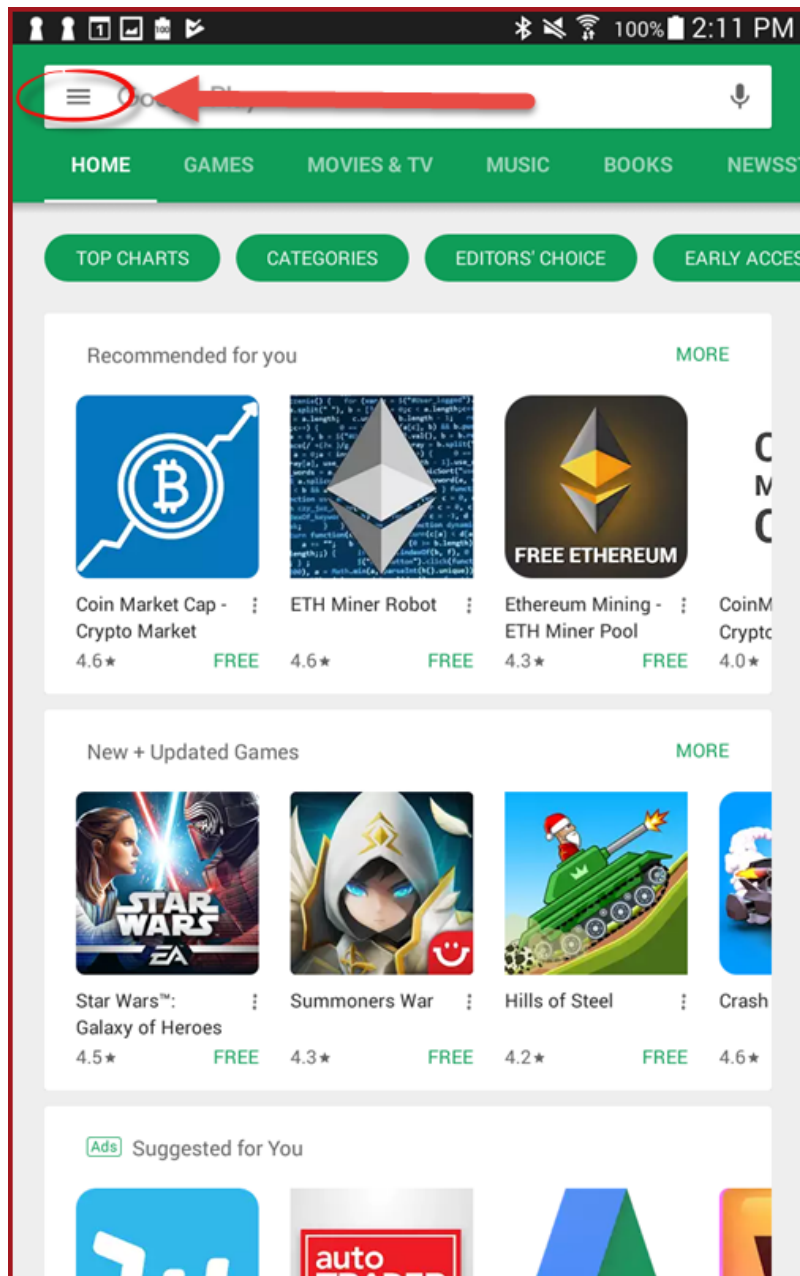

i When do we use this?

To ensure you always keep up to date with the latest version of OPS-COM for Android, we suggest that you enable Auto-Updates for your Android device. This article will explain where to go to enable or disable this feature.

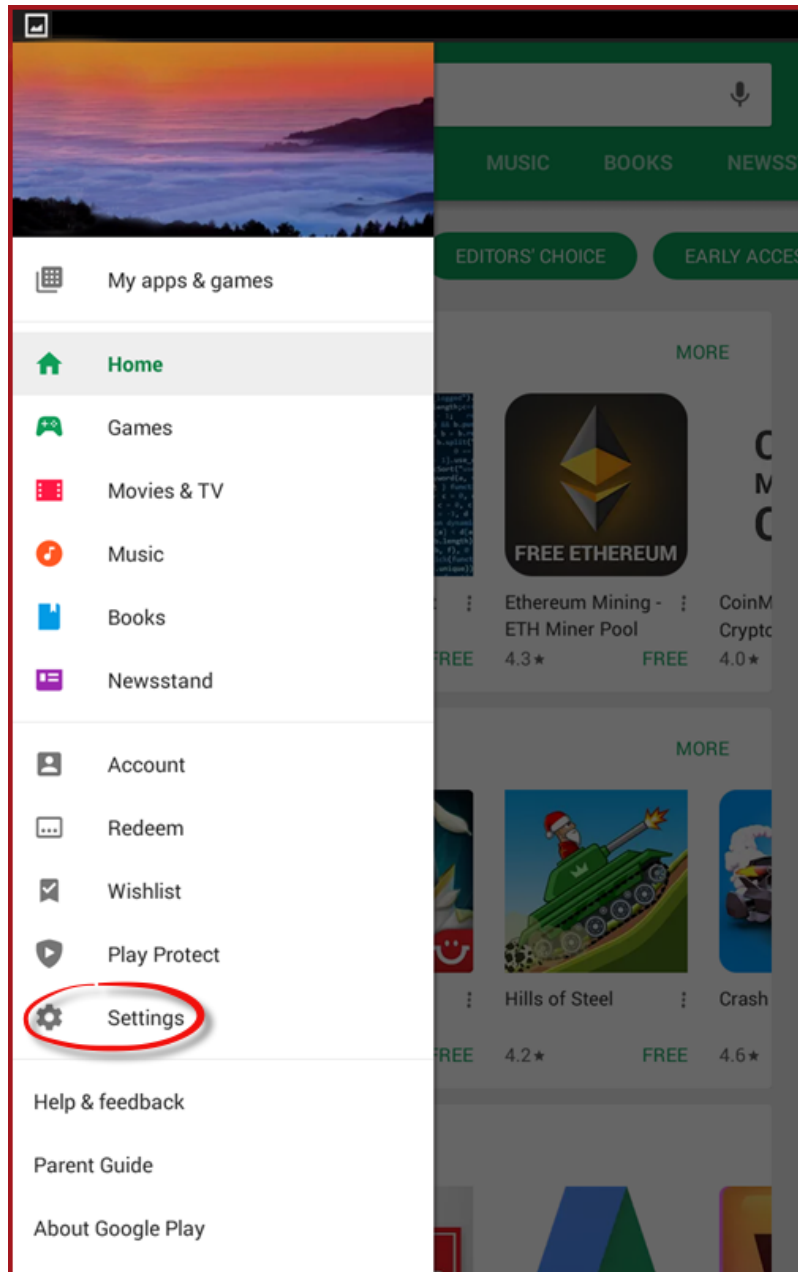

1. Open **Google Play Store**.

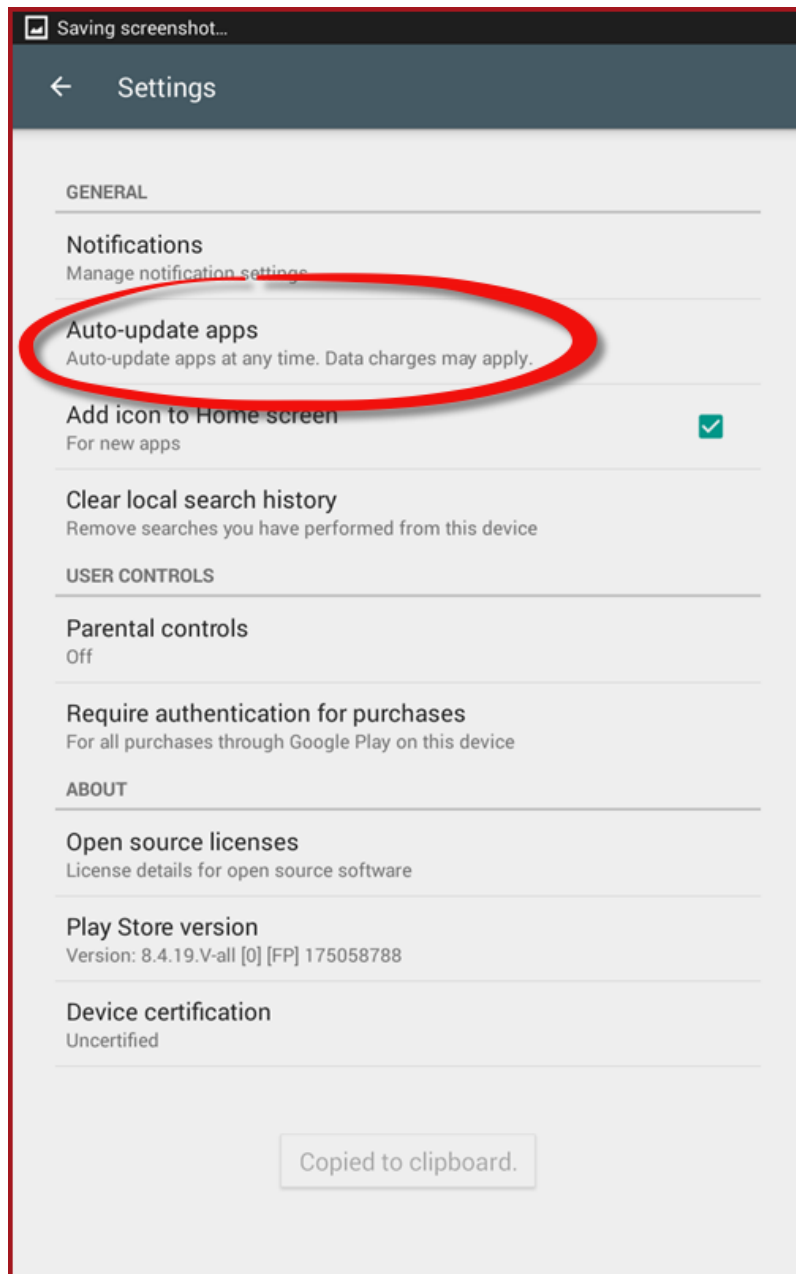

2. Tap the **hamburger icon** (three horizontal lines) on the **top-left**.

3. Tap **Settings**.

4. Tap **Auto-update apps**.

5. To **enable** automatic app updates, select **Auto-update apps at any time. Data charges may apply**. To **disable** automatic app updates, select **Do not auto-update apps**.
